

**Tipi** est une table nomade, ludique et pratique. Sa légèreté et sa large poignée permettent de la déplacer partout et d'accompagner la vie quotidienne. Comme table de nuit, table d'appoint à côté d'un canapé ou sur une terrasse, **Tipi** est parfaitement adaptée à une utilisation résidentielle ou en lieux publics.

**Tipi** is a nomadic side table, playful and precise. Its lightness and comfortable handle allows you to bring it along your daily moves. As a bedside table, a coffee table, nearby a sofa or on a terrace, **Tipi** suits well in private homes as well as more public spaces. **Tipi** is concretely useful.

*solid oiled smoked oak*

BOIS / WOOD

**CARRARE MARBLE**  
marbre de Carrare  
*Carrare marble*

MARBRE / MARBLE

The high quality steels used by Objekto are produced by very carefully selected French or Italian steel manufacturers.

#### **Stainless steel**

Stainless steel is highly resistant to corrosion, but like other steel types, it is not immune from the effects of oxidation under extreme conditions. Stainless steel must be kept clean and free from contaminants to achieve maximum corrosion resistance and aesthetic appeal.

#### **Care**

- Clean by using a soft cloth
- Never use cleaning abrasives, steel wool or polish
- Do not use chlorine based liquids on the steel as this will cause the steel to rust
- Keep the material dry

#### **Phosphated carbon steel**

Carbon steel is the original raw material used in 1957 for manufacturing the first Paulistano armchair. The carbon steel frame is phosphated. The phosphating process is a surface treatment done in order to stop the first main oxidation. Nevertheless, this frame will oxidize slowly with time, according to modernist precepts.

#### **Care**

- Clean by using a soft cloth
  - Never use cleaning abrasives, steel wool or polish
  - Do not use chlorine based liquids on the steel as this will cause the steel to rust
  - Keep the material dry
  - To avoid natural oxidation, clean the steel using a soft cloth impregnated with a special oil for steel ( we recommend using WD40™ oil )
- Once done, polish up by using a dry and clean cloth

#### **Powder coated steel**

#### **Care**

- Clean by using a soft cloth
- Never use cleaning abrasives, steel wool or polish
- Do not use chlorine based liquids

Our leather is vegetable tanned, semi-aniline or aniline. Its raw and natural surface allows the leather to breathe and offers excellent sitting comfort. The leather is full grain, which means that its natural surface structure has been preserved and all natural markings are visible. Natural markings are the hallmarks of the animal's active life and give the piece of furniture a unique sense of character.

#### **Care**

- Do not expose to direct sunlight
- Clean by using a soft cloth
- Do not use detergents, chemicals or fats

The canvas used to manufacture our covers are 100% cotton. It is rotproof, waterproof and stainproof for both indoor and outdoor use.

#### **Care**

- Clean with a soft brush to remove dust
- Before washing the cover refer to the instructions on the label sewed inside it

Woods originate from European sustainable forests.

#### **Care**

- Clean with a soft cloth to remove dust
